## Editing

Editing (from the latinischem): redigere = something into a condition brings, the totality of the editors of a media-business marks, whose office, and her/its/their activity, editing. An editing has the task to bring information into a setting been suitable for the publication. The editing is the department in a newspaper or magazine-publishing house, that produces the journalistic work. She/it can get together from several specialized subdivisions (departments). Then, the conference of the editors is called also "the editing." The editing-work is supported with the cornerstones of the freedom of the press.

### Preparation of articles
